Choose from the popular configurations shown below or customize your own home theater seating.

*NOTE: Armless side of units can be positioned next to each other as shown, but cannot be connected without a console or wedge between them. La-Z-Boy® products are hand crafted and variations from standard dimensions and appearance can occur.

SPACE CONSIDERATIONS: When combining rows of theater seating, allow for a minimum of 30" between rows. For optimal viewing, tier rows at least 6", keeping in mind a ceiling height of 10' may be required.
